Salad Days

If you're so over Caesars (and we are), here's a fresh alternative. **Greenz** is a new Uptown cafe dedicated to the art of salads. Chef Jesse Morris' crispy, crunchy creations are an adventurous lot, brimming with flavorful ingredients like warm Brie, poached pears, wasabi-coated peas, and barbecued pork. Our favorite is the Hawaiian tuna (pictured) with avocado, pineapple, seared ahi, and glass noodles garnished with Hawaiian loml tomatoes and spicy Asian vinaigrette. It's way cooler than Cobb. 2808 McKinney Ave., Ste. 109. 214-720-7788. \$ — *Todd Johnson*
